

**Georgia Exotic Pest Plant Council
(GA-EPPC)**

STATISTICS:

Website: <http://www.gaeppc.org/>

Original Meeting: March 1999

By-laws Adopted: October 10, 1999

Incorporated: No

501 (C) (3) Application Approval: we are included as chapter of SE-EPPC

Membership: 85; Annual membership is \$20.00. Student membership is \$10.00

Number of Meetings Per Year: one general annual meeting; four board of directors meetings

Budget: Not identified

States Represented: Georgia

Organizational Structure: GA-EPPC has a twelve member board of directors with five officers; a president, vice president, secretary, treasurer, and past president.

Synopsis: Georgia EPPC seeks to address the socioeconomic impact of exotic plants and their negative effects on the biodiversity of Georgia's natural areas. Georgia EPPC focuses attention on changes in the severity of exotic infestations over time, management of pest plants, and facilitation of information exchange to help land managers and land owners set priorities for exotic pest plant management. Their current primary foci are on developing and implementing educational workshops and publications.
