

**Kentucky Exotic Pest Plant Council  
(KY-EPPC)**

**STATISTICS:**

**Website:** <http://www.se-eppc.org/ky/>

**Original Meeting:** January 2000

**States Represented:** Kentucky

**Synopsis (Mission Statement and Goals):** Kentucky EPPC serves as an educational, advisory and technical support resource raising awareness and promoting public understanding regarding the threat posed by invasive exotic pest plants to native plant communities in Kentucky. KY-EPPC facilitates this goal by providing a forum for all interested parties through meetings and workshops. KY-EPPC supports research and monitoring of invasive plants and initiates actions to protect Kentucky from the introduction, establishment and spread of invasive exotics.
